Phone: 765-647-7272

Email: stayin_alive24@hotmail.com

County Commissioners:

Franklin County Commissioner Office

Address: 459 Main Street

City: Brookville

Zip Code: 47012

Plan Summary

Mission Statement: To promote a Safer and Healthier community by reducing the problematic use of Alcohol, Tobacco and Other Drugs in Franklin County.

History: Stayin' Alive, the Franklin County Local Coordinating Council, was first organized in January of 1990. This organization was founded in conjunction with the Assistant Superintendent at the Franklin County Community School Corporation and the Governor's Commission for a Drug-Free Indiana through its Regional Coordinating Office. Since its founding the Coalition has held over 150 public meetings to look at and address the issues of Alcohol, Tobacco and Other Drug (ATOD) misuse and abuse in Franklin County.

While the LCC has worked on many substance abuse issues throughout the years, the main focus of Stayin' Alive continues to be to reduce the misuse and abuse of ATOD throughout the county. Additional concerns have been to educate the community members of the effects of using ATOD, including the correlation between ATOD use and criminal behavior. The LCC is also working to change the community norm that consuming alcohol is a necessary and normal part of social gatherings and community events. We also are striving to change the community norm that using alcohol is a normal everyday thing to do.

The Local Coordinating Council held weekly general meetings focusing on the Comprehensive Plan that were open to the public. Coalition members worked on gathering data from all aspects of the community to ensure the supporting data was strong and proved the issues we are focusing on are relevant to Franklin County. After much time was spent gathering and collecting all necessary information, the LCC coordinator compiled the information into the Comprehensive Plan with assistance from the Regional Consultant from the Governor's Commission for a Drug-Free Indiana. The plan was then reviewed and approved by both the Local Coordinating Council membership base and the County Commissioners.

Summary of the Comprehensive Community Plan: Each year the members of the LCC work as a team to form a plan of action in reducing misuse and abuse of ATOD for the upcoming year. We focus our plan on the needs of the community related to reducing substance abuse in Franklin County. This Comprehensive Community Plan Update will serve as Franklin County's plan for the next year. A new Comprehensive Community plan will be submitted in 2007 and will follow with 3 yearly updates being submitted to show our accomplishments and areas of focus for the upcoming year.

Following approval from the two above mentioned groups, the plan is submitted to the state for approval. This plan is the document that serves as the guide for the LCC for the next several years when distributing grants and funds to county agencies and organizations assisting in our endeavors. The county commissioners will continue to have final signature authority in the recommendations made by the coalition when County Drug-Free Communities Fund dollars are being spent. The LCC will then monitor the progress of each funded program through quarterly written and verbal reports given at the monthly meetings that are held the fourth Thursday of each month.

Membership List

County LCC Name: Stayin' Alive

| Name | Organization | Race | Gender | Category |
|----------------------------|---|------------------|---------------|---------------------------------|
| Blades, Bonnie | Union County Council on Aging | Caucasian | Female | Concerned Citizen |
| Blades, Mark | Parent/Citizen | Caucasian | Male | Concerned Citizen |
| Blank, Debi | Herald Tribune | Caucasian | Female | Media |
| Boehner, Connie | Community Mental Health Center | Caucasian | Female | Treatment |

Problem Identification

Problem Statement #1: Community norms support casual and accepting attitudes toward misuse of ATOD (Alcohol, Tobacco, and Other Drugs).

Supportive Data:

- 6 out of 9 community festivals within the county serve alcohol.
- 100% of the 6 volunteer fire houses with Franklin County communities surveyed have alcohol readily available on-site.
- In 2002 it was reported that the only substance abuse education within the school system is an eight week session conducted by a contracted group. Each grade level does not have this type of program it is only certain ones according to the Whitewater Valley Care Pavilion. Now although the aforementioned program is no longer running, there are two substance abuse specific programs (Think Smart Stay Safe & Get Real About Tobacco) offered within the school systems.
- There were 2 (two) smoke-free restaurants during 2003 in Franklin County according to the Franklin County Tobacco Coalition, there are now 4 (four) restaurants within the county limits that have gone smoke-free. (Updated 2004).
- Indiana State Excise Police report that to date there are 47 alcohol permits being utilized in Franklin County.
- Twenty-four percent of youth receiving School-Based Services through the Community Mental Health Center come from substance abuse homes.
-

Year 1 Update:

-
-
-
-

Year 2 Update:

- **No action has been taken on the number of community festivals that serve alcohol.**
- **No action has been taken addressing 100% of the fire houses surveyed have alcohol readily available on-site.**
- **There is one substance abuse specific program (Think Smart Stay Safe) offered to fourth or fifth grade students within the school systems.**
- **There are now 6 (six) smoke-free restaurants in Franklin County.**
- **There is no new data from Indiana State Excise Police reporting the number of alcohol permits being utilized in Franklin County.**
- **The percentage of youth receiving School-Based Services through Community Mental Health Center who come from substance abuse homes is continuing to increase.**

Final Update:

-
-
-
-

Objectives:

- **Promote alcohol-free activities in conjunction with community organizations, especially public safety organizations.**
- **Work with the tobacco coalition to get at least one additional restaurant to become smoke-free within Franklin County**
- **Encourage beverage permit holders to undergo responsible alcohol server training before receiving and/or renewing licenses.**
- **Educate parents of the dangers of hosting parties where alcohol is being served to minors in their homes by utilizing both the local media and the school system.**
- **Continue to support School-Based Services.**
- **Support efforts of Franklin County Court System to begin a Teen Court within Franklin County (Added in 2003).**
- **Continue public information campaign promoting healthy norms around ATOD use.**
-
-

Year 1 Update:

-
-
-
-

Year 2 Update:

- **We will participate in the SAMHSA's Underage Drinking Prevention: Town Hall Meetings and Reach Out Now National Teach-In to prevent underage alcohol use.**
- **Awarded a grant to Community Mental Health Center in support of school-based services, including Think Smart, Stay Safe; Kids on the Block; Sexual Assault Awareness and Healthy Relationships Dating Violence Awareness.**
- **Participated in the first ever 4-H Fun and Friendly Halloween and provided ATOD free educational material.**
- **Hosted a booth at the annual Health Fair where provided ATOD free education.**
- **Sponsored the LCC's 5th annual Family Fun Day and provided ATOD free education.**
- **Hosted a booth at the Franklin County 4-H Fair where provided ATOD free education.**
- **Sponsored the National Night Out Free Swim in partnership with law enforcement and the youth council where provided ATOD education.**
- **Provided ATOD free education at the tobacco coalition and youth council sponsored free movie night.**
- **Provided ATOD free education at a smoke-free restaurant in recognition of Kick Butts Day.**
- **Provided ATOD free education at the youth council's first sit-in at a smoking restaurant in support of the Great American Smoke Out.**
- **During 2005, worked with the tobacco coalition to successfully encourage two additional restaurants to become smoke-free in Franklin County.**
- **Implemented for the first time, "Parents Who Host, Lose the Most" in Franklin County.**
- **Continued public information campaign promoting healthy norms around ATOD use by implementing "Too Smart to Start" and the social marketing campaign that included underage drinking.**

-
-

Final Update:

-
-
-
-

Goals: Provide community education on the misuse and abuse of ATOD (Alcohol, Tobacco and Other Drugs) to at least 25% of Franklin County residents.

Year 1 Annual Benchmarks:

-
-
-
-

Year 2 Annual Benchmarks:

- **Worked with the tobacco coalition to support two additional restaurants to become smoke-free in Franklin County.**
- **Implemented "Parents Who Host, Lose the Most" Campaign through the local media that included inserts and press releases in the newspaper to 6500 households.**
- **Developed the first ever community youth council, YouthQuake, for grades 7 - 12 that consists of 10 members representing 4 different schools.**
- **Stayin' Alive was awarded the Federal Drug Free Communities Grant in 2004 and the members continue to implement the prevention strategies outlined in the grant. The development of Youthquake and the media campaigns are two examples of the grant projects. In addition, Stayin' Alive has implemented "Too Smart to Start", hosted the first ever county-wide Methamphetamine Summit, implemented "Parents Who Host, Lose the Most", and launched the media campaign addressing underage drinking by utilizing 5 strategically placed billboards.**
- **Hosted the 5th annual Family Fun Day wherein 300 people attended this alcohol-free event and received ATOD free education.**
- **In partnership with YouthQuake and law enforcement sponsored the National Night Out Free Swim where over 200 people attended and received ATOD free education.**
- **Hosted the first Coalition Celebration wherein 45 people attended.**
- **Sponsored a booth at the Franklin County 4-H Fair wherein 250 participated in the driving simulator while using the fatal vision goggles. Further, on average 1,000 people per night received ATOD free education.**
- **Sponsored a booth at the annual Health Fair wherein over 275 people received ATOD free information.**

Final Report:

-
-
-
-

Problem Statement #2: County residents lack awareness and understanding of the dangerous effects of ATOD (Alcohol, Tobacco, and Other Drugs) misuse and abuse.

Supportive Data:

- There is limited substance abuse curriculum within the local school systems according to the Whitewater Valley Care Pavilion.
- The Indiana State excise police reported that in the past eleven months there have been nine (9) felony drug arrests, two of those were methamphetamine labs that resulted in five (5) arrests and four (4) individuals were arrested for possession/dealing. There have also been four (4) more drug buys from three (3) individuals (Updated 2004).
- TRIP (Tobacco Retailer Inspection Program) is a program where annual inspections are conducted to ensure that retailers within the county are not selling tobacco to minors. According to the TRIP Compliance Inspections in 2002 showed 22 establishments were checked and 6 were non-compliance, meaning Franklin County had a 73% compliance rate in 2002. (Updated 2004).
- 2000 Crash facts gathered by the Indiana Governor's Commission on Impaired and Dangerous Driving report there were a total of 657 crashes in Franklin County and of those, 38 (almost 6%) were alcohol-related. (Updated 2004).
- According to Family Connections 30% of pregnant women they see continue smoking throughout all trimesters of their pregnancy.
- Residents lack a desire to access available tobacco cessation programs.
- Data from Directions! of Community Mental Health Center, based on pretest results, indicate middle school students lack knowledge about tobacco use and its effects.
-

-

Year 1 Update:

-
-
-
-

Year 2 Update:

- **There is limited substance abuse curriculum within the local school systems according to the Community Mental Health Center.**
- **In 2005 State Excise Police made 10 felony drug arrests, 1 A Felony; 1 B Felony and 8 D Felonies.**
- **In 2005 State Excise Police cited 4 permittees for violations of the Indiana Alcoholic Beverage and Tobacco laws.**
- **There is no update on percentage of alcohol-related crashes in Franklin County.**
- **There is no update from Family Connections on the percentage of pregnant women continuing to smoke throughout their pregnancy.**
- **Residents continue to lack a desire to access available tobacco cessation programs.**
- **Data from Directions! of Community Mental Health Center, based on pre and post test results, indicate middle school students lack knowledge about tobacco use and its short term effects. Stayin' Alive was unable to obtain the results of the pre and post tests, however Directions! has agreed to provide that information to the LCC in the future.**
-

Final Update:

-
-
-
-

Objectives:

- **Assist Family Connections in educating pregnant women and their families about the dangers of smoking during pregnancy.**
- **Submit monthly on-going articles written by Stayin' Alive members to the local newspaper stating information on local, state and national ATOD issues and events.**
- **Coordinate with local educators to initiate and continue to support ATOD programs within each of the county schools.**
- **Continue providing information at local community events, including the county fair, health fair, and others.**

- **Continue hosting and supporting drug-free community events, including Family Fun Day, pool parties, and others.**
- **Support and assist in coordinating programs to educate seniors and their care givers on prescription drug abuse and misuse.**
-
-
-
-
-
-

Year 1 Update:

-
-
-
-

Year 2 Update:

- **Awarded a grant to Brookville Elementary School to implement the Character Education Program to build traits in the students that support healthy decisions.**
- **Worked with the school corporation administration to implement Too Smart to Start, an alcohol prevention program targeting fifth - seventh grade students.**
- **Provided booth space for Family Connections at the annual Health Fair and Franklin County 4-H Fair to promote smoking cessation during pregnancy and post pregnancy.**
- **Hosted the 5th annual Family Fun Day.**
- **In partnership with YouthQuake and law enforcement sponsored the National Night Out Free Swim.**
- **Sponsored a booth at the first ever 4-H Fun and Friendly Halloween.**
- **Partnered with the Optimist Club who sponsored the Haunted Hayride.**
- **Partnered with the Franklin County High School Band to promote "Too Smart to Start" at the November Noel.**
- **Sponsored the first community Methamphetamine Summit in Franklin County.**
- **In 2005, Stayin' Alive members submitted articles, ran advertisements, and utilized inserts in the local newspaper. Articles were also featured in surrounding newspapers.**
- **Received "Coalition of the Year" Award from the Coalition for a Drug-Free Greater Cincinnati for demonstrating significant outcomes in coalition development, implementing new initiatives, and facilitation of compliance checks and server training.**

Final Update:

-
-
-
-

Goals: 25% of county residents will become aware of and understand the dangerous effects of misusing and abusing ATOD (Alcohol, Tobacco and Other Drugs).

Year 1 Annual Benchmarks:

-
-
-
-

Year 2 Annual Benchmarks:

- **Handed out approximately 200 ATOD free fact materials at the annual county health fair.**
- **Handed out approximately 1,250 ATOD free fact materials at the county 4-H fair.**
- **Distributed 300 packets of ATOD free information at the 5th Annual Family Fun Day in 2005.**
- **Distributed 200 bags of ATOD free information at the National Night Out pool party in partnership with law enforcement and the youth council.**
- **Partnered with Franklin County High School to disseminate information on Teens and Alcohol to all 250 incoming freshmen.**
- **Promoted CASA's National Family Day through proclamation, posters, advertisements, articles and 2500 brochures to students Kindergarten through Ninth grades.**
- **Incorporated Too Smart to Start with Red Ribbon Week and distributed 2500 Too Smart to Start fact cards, 2500 ribbons and bracelets, and 9000 fact cards.**
- **In 2005, Stayin' Alive members submitted 17 articles, placed 6 advertisements, and 2 inserts in the local newspaper. Articles were also featured in 2 surrounding newspapers.**

Final Report:

-
-
-
-

Problem Statement #3: There continues to be an increase in crime, violence, and other destructive behaviors related to the abuse of ATOD (Alcohol, Tobacco, and Other Drugs).

Supportive Data:

- According to the coordinator for the Choices program year to date there have been 313 persons attend the Choices class, of those 228 attendees were from outside of Franklin County. This class is an eight hour course that first time offenders are required to attend on a Saturday to receive ATOD awareness. In 2004 there were a total of 286 attendees to the Choices program. Of those 132 were from out of county. One factor to this number being substantially lower is that the Franklin County Probation Department in conjunction with the Community Mental Health Center has created a youth focused Choices style program that runs for four consecutive weeks one evening. In 2004 there were a total of 31 who had completed the youth focused Choices program (Updated 2004).
- Franklin County Community Schools implemented an in-school suspension policy. This program is not mandated, but highly recommended for those students that get suspended. In 2000-2001 there were a total of 258 students that went to this program. In 2001-2002 there were 167 students and to date with the 2002-2003 school year there have been 35 students partake in this program. In 2002-2003 there were 150 students to attend this program. In 2003-2004 there 161 students who attended this program and as of November 19, 2004, 73 students had been referred to this program. (Updated 2004).
- In 2004 55% of the inmates that were housed in the Franklin County Security Center were there on ATOD related offenses according to the Franklin County Sheriff's Department.
- As reported by the Excise Police in 2002 there was only one methamphetamine lab processed in Franklin County although the Anhydrous Ammonia thefts are rising at an alarming rate. During 2003 the Brookville Democrat reported that there were 31 methamphetamine labs busted throughout southeastern Indiana and of those 16 were located in Franklin County.
- 65% of those attending the Domestic Violence program volunteered that they were under the influence at the time the battery occurred as reported by Whitewater Counseling, Inc.
- Occurrence of arrests increased by 30% during tourism season as reported by the Brookville Police Department.
- 90% of sexual assault cases were alcohol or drug related as reported by Directions! of Community Mental Health Center.
-

-

Year 1 Update:

-
-
-
-

Year 2 Update:

- **In 2005 there were a total of 247 attendees in the adult Choices program. Of those 247 attendees, 47% were out of county residents. In 2005 there were 29 county residents who completed the Choices FYA.**
- **No updated data has been obtained regarding the number of students participating in the out of school suspension program.**
- **The percentage of inmates housed in the Franklin County Security Center that were ATOD related offenses has not been obtained.**
- **There continues to be an increase of methamphetamine labs processed by all law enforcement agencies in Franklin County. Due to that increase a Drug Task Force was created.**
- **There is not an updated percentage of those attending Domestic Violence who were under the influence at the time of the offense.**
- **There is not an updated percentage of the sexual assault cases that were ATOD related.**
-

Final Update:

-
-
-
-

Objectives:

- **Continue to support meth lab seizures by state, regional and local law enforcement agencies.**
- **Continue providing education to those inmates in the local jail about substance abuse.**
- **Support the establishment of a young adult AA and a NA group.**
- **Support efforts to raise awareness of sexual assault and domestic violence and the role ATOD plays in the occurrences of these crimes.**
- **Continue funding and supporting law enforcement efforts to reduce the occurrences of ATOD abuse.**
- **Support efforts to provide treatment services throughout the county.**
-
-
-
-

-
-

Year 1 Update:

-
-
-
-

Year 2 Update:

- **In partnership with the Department of Child Services, a meth related protocol is being developed for all agencies involved in the Drug Endangered Child procedures.**
- **Developed a Drug Task Force that began meeting in December, 2005 on a monthly basis to establish basic uniformed policies and procedures within the various law enforcement agencies to address all drug issues.**
- **Launched our 1st Social Marketing Campaign targeting tourism through the partnership of Law Enforcement.**
- **Collaborated with law enforcement agencies to distribute "safe and sober" keychains.**
- **Hosted Methamphetamine Summit in collaboration with local and state law enforcement and the county prosecutor.**
- **Provided funding to Indiana State Excise Police for intensified enforcement.**
- **Provided grant monies to the Brookville Police Department for drug & alcohol detection initiative.**
- **Provided funding to the Franklin County Sheriff's Department for driving while intoxicated patrol.**
- **Provided grant monies to Whitewater Counseling for outpatient substance abuse therapy.**

Final Update:

-
-
-
-

Goals: Decrease the crime, violence, and destructive behaviors that occur locally due to the abuse of ATOD (Alcohol, Tobacco and Other Drugs).

Year 1 Annual Benchmarks:

-
-
-
-

Year 2 Annual Benchmarks:

- **Hosted the first ever Meth Summit in March, 2005 wherein approximately 100 community, first responders, law enforcement, elected officials, media, agricultural and retailers attended.**
- **Distributed 42 Meth Watch Indiana kits to county retailers.**
- **Law Enforcement Officers distributed 100 floating "safe and sober" keychains to tourists.**
- **Department of Natural Resources distributed 5,000 "safe and sober" brochures to tourists.**
- **Launched the media campaign addressing tourism by utilizing 4 permanent billboards.**

Final Report:

-
-
-
-

Problem Statement #4: Communication and collaboration between government, private, and non-profit agencies, as well as consumers in developing and providing ATOD (Alcohol, Tobacco, and Other Drugs) abuse reduction strategies are currently insufficient.

Supportive Data:

- There are currently many groups within the county focusing on educating youth on leading a safe and healthy lifestyle; yet, no communications currently occur informing each of the other's plans.
- No current awareness program is in place as to what drug-free activities are available to those in Franklin County.
-
-

-

Year 1 Update:

-
-
-
-

Year 2 Update:

- **Franklin County Step Ahead Council consists of 13 different youth serving organizations who meet on a monthly basis to share their plans with each other.**
- **The following 6 community groups provide youth education on safe and healthy lifestyles: Youth for Christ, 4-H, Whitewater Valley Community Library District, Kiwanis, Purdue Extension and the Optimist Club.**
- **Stayin' Alive in partnership with Franklin County Step Ahead Council has been utilizing Indiana Youth Institute's services to provide programs to youth serving organizations in Franklin County.**
- **Discussions have occurred within Franklin County Step Ahead Council's meetings to create a central awareness program for available drug-free activities in Franklin County.**

Final Update:

-
-
-
-

Objectives:

- **Work with Franklin County Public Transit to offer public transportation to those in need of transportation to local drug-free events.**
- **Collaborate with local media on a regular basis to list all upcoming drug-free activities.**
- **Host special interest meetings for those involved with youth programming to get all informed of each groups needs and plans.**
- **Collaborate with the local tobacco coalition to maximize use of available funds and increase awareness of current tobacco issues.**
- **Continue supporting educational opportunities for LCC members and staff as well as other community members interested in ATOD issues.**
- **Work with current organizations to get youth involved with drug-free programs.**
- **Work to improve the diversity of the coalition across multiple sectors.**

Year 1 Update:

-
-
-
-

Year 2 Update:

- Continuation of Franklin County Step Ahead Council through the LCC to bring community resources and organizations together.
- LCC encourages participation in ATOD educational trainings, conferences and seminars for its members.
- The 2005 grant committee included representatives from the following sectors: business, county government, elected official, prevention and law enforcement.
- The LCC has had discussions with Franklin County Public Transportation to offer public transportation to drug-free events. However, most of the drug-free events occur outside of Franklin County Public Transportation's hours of operations.
- The LCC began collaborating with the Indiana Youth Institute to provide programming in 2006.
- Provided Get Real About Tobacco to fifth graders in all county and parochial schools.
- Received Indiana Tobacco Prevention and Cessation grant for the period covering July 2005 through June 2007 to provide tobacco prevention and cessation in Franklin County.
- YouthQuake in partnership with the tobacco coalition collaborated to bring Rick Stoddard in April 2006 to three area schools, coordinated Kick Butts Day activities and held the Great American Smoke Out.
- LCC members and staff attended the following conferences and trainings in 2005: CADCA Forum, Drug-Free Communities Support Program Grant Workshop, Pathways to Effective Programs and Positive Outcomes, Coalition for a Drug-Free Greater Cincinnati Advisory Task Force, Stayin' Alive's Annual Retreat, Middle School Youth Summit, Regional Advisory Board Meetings, Grant Writing Workshop, VOICE Regional Conference, Coalition for a Drug-Free Greater Cincinnati Saturday Skill Building Sessions, Drug-Free Communities Support Program Grant Meeting, Indiana Tobacco Prevention and Cessation Trainings, Coalition for a Drug-Free Greater Cincinnati Parent Task Force, Coalition for a Drug-Free Greater Cincinnati Coalition Advisory Task Force, East Central Regional Training, Fundraising for Non-Profits, Many Voices/One Vision Conference, Compassion Capital Funding Training, CADCA's Regional Conference, Coalition for a Drug-Free Greater Cincinnati Coalition Academy, The Meth Challenge Training, Kids Count Conference, and the Midwesterner's Governors' Association Meth Summit.
- Collaborated with 4-H, Optimist Club, Brookville Theatre, Whitewater Valley Community Library District, Youth for Christ, and Law Enforcement.
- Increased coalition membership by 21% from 28 members to 34 members.

**Final Update:**

-

Goals: Increase the collaboration and communication among all county organizations striving to provide all families with a safe and healthy lifestyle, free of ATOD (Alcohol, Tobacco and Other Drugs) abuse.

Year 1 Annual Benchmarks:

-
-
-
-

Year 2 Annual Benchmarks:

- **Due to our concerted effort in working together on community projects, we have tripled our partnership to include Purdue Extension, Whitewater Valley Community Library District and Department of Child Services for the 2006 Methamphetamine Summit.**
- **Monthly meetings with Franklin County Step Ahead Council incorporate 13 different community organizations.**
- **Partnered with 9 community organizations during 2005 to provide ATOD free activities.**
- **LCC members and staff attended at least 25 trainings during 2005 related to ATOD issues.**

Franklin County Grant Application Process and Grantee Requirements

The availability of grants in the areas of prevention and education, law enforcement and treatment are announced in January at the LCC's monthly meeting, on their website and through publication in the local newspaper. Grants are due in March of that year.

The LCC recruits grant review committee members and that slate is presented to the LCC for their voting acceptance. In 2006, this grant committee grew from five to seven members, including representatives from county council, county commissioners, business community, parent/community member, law enforcement, prevention and youth.

Each grant applicant is required to appear before the grant committee and give a five minute presentation on their proposal and respond to any questions the committee may have for them. The committee then makes recommendations to the LCC membership for their voting acceptance. The new grantees are then notified by mail of their award. Enclosed with that letter is their "Grant Agreement" that requires them to attend fifty percent of the LCC meetings, serve on one committee per year, and make oral and written quarterly reports to the LCC. That agreement must be signed and returned to the LCC. Claims are submitted to the Franklin County Auditor's Office for payments of these grants. These checks are then distributed at the LCC's annual Coalition Celebration. In 2005 the LCC awarded \$23,558.00 in the form of grant monies to local treatment providers, law enforcement personnel and prevention youth serving organizations.
